

NetPS Plant Finder Tool

-- Top 100 Most Searched-For Plants Of 2023 --

Compiled: 4 January 2024

The NetPS Plant Finder tool is used by over 250 garden centers from across North America to put their plants onto their websites and make them searchable by their customers. Collectively, this tool was searched more than **23 million times** in 2023, which means that we've been able to accumulate a lot of good data about the plants that people are searching for on the internet. This is a list of the plants from those search results that were viewed the most times by end users - typically gardeners, home landscapers as well as landscape designers and contractors.
