

NetPS Plant Finder Tool

Top 100 Most Searched-For Plants Of 2024

Compiled: 11 January 2025

The NetPS Plant Finder tool is used by over 250 garden centers from across North America to put their plants onto their websites and make them searchable by their customers. Collectively, this tool was searched more than 30 million times in 2024, which means that we've been able to accumulate a lot of good data about the plants that people are searching for on the internet. This is a list of the plants from those search results that were viewed the most times by end users - typically gardeners, home landscapers as well as landscape designers and contractors.
